MANAGEMENT DISCUSSION AND ANALYSIS

Economy Overview

As of the financial year 2024-25, the global gelatine market has demonstrated growth, driven by increasing demand across various sectors such as food and beverages, pharmaceuticals, Nutraceuticals, and cosmetics. India, now recognized as the fifth-largest economy in the world, is also considered the fastest-growing major economy globally.

Market Size and Growth:

The global gelatine market was valued at USD 8.58 billion in 2024 and is projected to reach USD 9.34 billion in 2025, reflecting a compound annual growth rate (CAGR) of 8.87% during this period.

Domestic Market

The domestic demand for Gelatine is showing growth trend as India is strengthening its identity as a pharma and Nutraceuticals manufacturing hub. Callagen also shows great promise in domestic market as the nutraceutical market in India is showing strong growth. The India's Gelatine market is projected to register a CARG of 4% to 5% annually over the next few years.

2. Increasing Consumer Awareness on Health and Wellness

Consumers are becoming more aware of the health benefits of gelatin usage. Gelatin, being a rich source of collagen, is recognised for boosting joint health, skin elasticity, and hair strength, driving its demand in the Nutraceuticals and pharmaceutical sectors.

Gelatin is a natural product which is made of hydrolytic degradation of protein from collagen and its distinctive structure of amino acids gives it several benefits. It is in the form of tablets, granules or powders and has high protein content.

3. Increasing application of Gelatine-

Gelatine finds widespread use in various sectors:

- Food and Beverage: Gelatine is considered a key ingredient in food and beverages such as confectionery (gummy candies, marshmallows, jeilies), dairy products (yogurt, cream cheese, ice cream), desserts and other fuctional food due to its gelling, thickening, and stabilizing properties.
- Pharmaceuticals; gelatin is used to manufacture hard and soft capsules, for coating tablets, and in syrups, it also has many biomedical applications. It is used in the manufacturing of scaffolds for healing wounds. They effectively mask unpleasant tastes and odors, making them easier to swallow.
- Cosmetics; It is used in cosmetics and personal care products for its film-forming and as a binding agent in makeup products.
- Photography: Although digital photography has largely replaced film, gelatine remains critical in archival photographic materials, and fine art photography.
- Nutraceuticals and dietary Supplements: Used in protein-rich supplements for joint and bane health.

Opportunities and Threats, Outlook, Risks and Concerns

The country's drugs and pharmaceuticals exports increased 8.3 per cent year-on-year in 2024-25. India's pharmaceutical industry is the third largest by volume and the 14th largest by value in the world, producing more than 60,000 generic drugs across 60 therapeutic categories,

High demand for vegan products posing a threat to traditional gelatine

The rise of plant-based gelatin substitutes, fueled by rising demand for vegetarian and vegan goods, is one of the primary market barriers. Traditional gelatin made from animal sources is in danger due to this trend, as consumers look for alternatives that take sustainability and ethics into account. Furthermore, cultural and religious prohibitions are impeding market growth.

Due to the reduction in global Gelatin price, the price of Gelbone globally reduced significantly during the second half of the year. This opportunity is being utilized to import/purchase Gelbone, which will help import Gelbone at competitive price.

Segment-wise or product-wise performance

The Company is engaged in only one segment, namely, manufacture and sale of gelatine and related products like ossein and di-calcium phosphate (DCP) and as such there are no reportable segments as per Ind AS-108 "Operating Segments."

Internal financial controls and its adequacy

The Company's Internal Financial Control framework is commensurate with the size and the nature of its operations. These have been designed to provide reasonable assurance about recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use, executing transactions with proper authorization and ensuring compliance of Corporate Policies.

The Company has laid down procedures and policies to guide the operations of the business. The Company has a well-defined delegation of power with authority limits to approve revenue as well as expenditure. Functional heads are responsible to ensure compliance with the policies and procedures laid down by the board of directors.

The Company has appointed M/s P.B. Singh & Associates, Chartered Accountants to oversee and carry out internal audit of its activities. The audit is based on an internal audit plan, which is reviewed each year in consultation with the statutory auditors and approved by the audit committee. The efficacy of the internal checks and control systems are validated by internal auditors. The audit is based on a focused and risk based internal audit plan, which is reviewed and approved each year by the Audit Committee of the Company.

The Audit Committee reviews reports submitted by internal auditors. Suggestions to improve any process are considered by the management and the Audit Committee follows up on corrective actions taken by the management. The Audit Committee also meets the Company's statutory auditors to ascertain, inter alia, their views on the adequacy of internal control systems and keeps the Board of

Directors informed of its major observations periodically.

M/s. Lodha & Co LLP., the Statutory Auditors of the Company audited the financial statements included in this Annual Report and have issued a report on the internal controls over financial reporting (as defined in Section 143 of the Companies Act, 2013).

Based on its evaluation (as provided under Section 177 of the Companies Act, 2013 and Clause 18 of SEBI Listing Regulations), the Audit Committee has concluded that as of 31st March 2025, the Internal Financial Controls were adequate and operating effectively.

REPORT ON CORPORATE GOVERNANCE COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Corporate Governance is the implementation of best management practices, compliance of law and voluntary adherence to ethical standards which are inevitable for achieving organizational efficiency, enhancing shareholders value and discharge of social responsibility. The principle of good corporate governance is to ensure fairness in all transactions within and outside the company with investors, customers, employees, partners, competitors and the society at large.

The concept of corporate governance primarily hinges on complete transparency, integrity and accountability of the management, with an increasingly greater focus on investor protection and public interest. Good corporate governance is an essential part of well-managed, successful business enterprise that delivers value to shareholders.

Governance practices may vary but the principles are generic and universal, viz. commitment of the Board in managing business ethically and in a transparent manner with the profit objective balanced by long term value equitably for all stakeholders. With increasing complexities in business organizations, sound governance practices are indispensable to build and sustain trust.

Good governance enhances the confidence, trust and enthusiasm of its stakeholders. For ensuring sound corporate governance practices, the Government of India has put in place a framework based on the stipulations contained under the Companies Act, Securities and Exchange Board of India (SEBI) Regulations, Accounting Standards, Secretarial Standards, etc.

The Company is committed to run its business in a legal, ethical and transparent manner with dedication that prevails throughout the organization. This report sets out the compliance status for the Company with the requirements of corporate governance for the financial year 2024-25.

Independent Auditors' Report To the Members of Narmada Gelatines Limited

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Narmada Gelatines Limited ("the Company"), which comprises of Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standards financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics:

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information Other than the Standalone Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the other information. The Other information comprises the information included in the Board's Report including Annexures to the Board report but does not include the standalone financial statements and our auditor's report thereon. The reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance,

Management responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

🔷 NARMADA GELATINES LIMITED

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit, we also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and
 perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for
 our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud
 may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the
 circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has
 adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit
 evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the
 entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in
 our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify
 our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events
 or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disciosures, and
 whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair
 presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate makes if probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are, therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- Pursuant to the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of subsection (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance sheet, the Statement of Profit & Loss (including other comprehensive income), Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015.
 - (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a Director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure "B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
 - (h) With respect to the matters to be included in the Auditor's report in accordance with the Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The Company has disclosed the impact of pending litigations on its financial performance in its standalone financial statements. (Reference no 36 to standalone financial statements)

- The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- Iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend to or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend to or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representation under sub clause (i) and (ii) of Rule 11(e) of The Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contains any material misstatement. (Refer Note no. 50 (v) & (vi) to the standalone financial statements)
- v. The dividend paid by the Company during the year is in accordance with Section 123 of the Act. As stated in note 45(c) to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year 2024-25 which is subject to the approval of the members at the ensuing annual general meeting. The proposed dividend declared is in accordance with Section 123 of the Act to the extent it applies to the declaration of dividend.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its account books for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with. The Company is in compliance with the preservation of audit trail as per the statutory requirements for record retention.

NARMADA GELATINES LIMITED

Annexure "B"

Referred to in 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Narmada Gelatines Limited for the year ended March 31, 2025:

We have audited the internal financial controls over financial reporting of the Narmada Gelatines Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the Internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's Internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of Internal financial controls, both applicable to an audit of Internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorisations of management; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the entity's assets that could have a material effect on the standalone financial statements (4) also provide reasonable assurance by the internal auditors through their internal audit reports given to the entity from time to time.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, broadly, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2. MATERIAL ACCOUNTING POLICIES

Statement of Compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016 prescribed under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014.

Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On August 12, 2024 and September 09, 2024, MCA issued the Companies (Indian Accounting Standards) Amendment Rules, 2024 and Companies (Indian Accounting Standards) Second Amendment Rules, 2024 introducing following changes:

- a) Ind AS 117 Insurance Contracts: Ind AS 117: Insurance Contracts was introduced and Ind AS 104: Insurance Contracts was withdrawn. This was accompanied with consequent amendments in other standards.
- b) Ind AS 116 Leases: The amendments clarify accounting treatment for a seller-lessee involved in sale and leaseback transactions and introduced some related illustrative examples.

The above standard are effective from April 01,2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

The Board of Directors approved the Financial Statements for the year ended 31st March, 2025 and authorised for issue on 24th May,

(i) Basis of Accounting

The financial statements have been prepared on accrual basis under the historical cost convention, except for certain financial assets and liabilities measured at fair value. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

Current and Non-current classification;

- (i) The assets and liabilities in the Balance Sheet are based on current/ non-current classification. An asset as current when it is:
 - Expected to be realized or intended to be sold or consumed in normal operating cycle of twelve months
 - b. Held primarily for the purpose of trading
 - c. Expected to be realized within twelve months after the reporting period, or
 - d. Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

(ii) A liability is current when:

- Expected to be settled in normal operating cycle
- b. Held primarily for the purpose of trading
- c. Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. All
 other liabilities are treated as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

(ii) Use of Estimates

The preparation of the financial statements is in conformity with the Ind AS, requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

(iii) Property, Plant and Equipment & Intangible Assets

Freehold land is carried at historical cost. All other items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is

derecognized when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Intangible assets: Intangible assets are stated at cost of acquisition less accumulated amortisation and impairment, if any Losses arising from the retirement of, and gains or losses arising from disposal of fixed assets which are carried at cost or revalued amount are recognized in the Statement of Profit and Loss,

(iv) Depreciation / Amortisation

Depreciation is provided on the straight-line method applying the useful lives as prescribed in part C of Schedule II to the Companies Act, 2013 except for plant and equipment, wherein useful life is determined based on internal technical assessment, The range of estimated useful lives of Property, Plant & Equipment's are as under:

Category	Useful Life	
Buildings (including roads)	5- 60 Years	
Plant & Equipment	5- 25 Years	
Electrical installations	10 Years	
Furniture & Fixture	10 Years	
Office Equipment	3 - 5 Years	
Vehicles	8 Years	

The management believes that the useful life as given above the best represent the period over which the management expects to use these assets. The Company reviews the useful lives and residual value at each reporting date.

Depreciation on assets added/sold or discarded during the year is being provided on pro-rata basis up to the date on which such assets are added/sold or discarded.

Assets costing up to ₹5,000 each are depreciated fully in the year of purchase.

Gains/Losses on disposals/de-recognition of property, plant and equipment are determined by comparing proceeds with carrying amount and these are recognized in statement of profit & Loss.

Intangible assets are amortised over their estimated useful economic life under Straight Line method. Computer software cost is amortised over a period of five years.

(v) Inventories

Inventories (includes Raw Material, Work-in-Progress, Finished goods, Stores & spares, Consumables, Packing Materials) are valued at cost or net realisable value, whichever is lower. Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale. Cost of Raw Material, Semi-finished and Finished Goods and Work-in-Progress is determined on weighted average basis and comprises of expenditure incurred in the normal course of business in bringing inventories to their present location including appropriate overheads apportioned on a reasonable and consistent basis. Obsolete, slow moving and defective stocks are identified at the time of physical verification of stocks and where necessary, provision is made for those inventories. Adequate allowance is made for obsolete and slow moving items.

(vi) Revenue Recognition

The Company recognizes revenue, whenever control over distinct goods or services is transferred to the customer; i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable taking into account customer's creditworthiness.

Revenue is the transaction price the Company expects to be entitled to. In determining the transaction price, the Company considers effects of variable consideration, the existence of significant financing contracts, noncash consideration and consideration payable to the customer, if any.

Sale of goods

Revenue from the sale of goods is recognised when the control of the goods passes to the buyer either at the time of dispatch or delivery or when the risk of loss transfers. Export sales are recognized based on the terms of the sale which is when substantial risks and rewards of ownership are passed to the customers.

Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc. Provision is made for returns when appropriate. Revenue is measured at the fair value of consideration received or receivable and is net of price discounts, allowance for volume rebates and similar items.

Claims / Refunds not ascertainable with reasonable certainty are accounted for, on final settlement and are recognized as revenue on certainty of receipt on prudent basis.

Revenue recognition from sale of "Duty Entitlement Passbook License or Merchandise Exports from India Scheme (MEIS)" is made on sale of the license after receipt of the same from the office of the Director General of Foreign Trade.

Income from Duty Drawback is recognised on receipt basis.

Dividend

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

(vii) Income from Investment

Income from Investments (other than investments in shares of companies and Mutual Funds) is accounted on accrual basis.

Dividend income on investments is recognised when the right to receive dividend is established. Interest income is recognised on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

(viii) Foreign Currency Transactions

Foreign currency transactions are accounted at the exchange rates prevailing on the date of the transactions. Gains and losses, if any, on settlement or reinstatement of year end closing balances by applying the closing rates in respect of monetary assets and monetary liabilities not covered by the forward contracts are recognized in the statement of profit and loss.

Non-monetary items denominated in foreign currency are stated at the rate prevailing on the date of the transaction.

The premium or discount arising at the inception of the forward contract entered into to hedge the existing asset / liability, is amortized as expense or income over the life of the contract. Exchange differences on such contract are recognized in the statement of profit and loss in the reporting period in which the exchange rates change. Any profit or loss arising out of cancellation or renewal of such contract are recognized as income or expense in the reporting period. Forward exchange contracts outstanding as at the year end on account of firm commitment / highly probable forecast transaction are marked to market and the losses, if any, are recognized in the statement of profit and loss and gains are ignored.

(ix) Employee Benefits

The Company has the following post-employment benefit plans:

- Defined benefit plans such as gratuity;
- Defined contribution plans such as Provident fund & Superannuation fund; and
- iii. Other employee benefits.

(i) Defined benefit plan:

Voluntary Retirement Scheme Expenses, if any, are fully charged off in the year of payment.

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligation is calculated annually by actuarles through actuarial valuation using the Projected Unit Credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements;
 and
- b. Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement comprising:

- a. Re-measurement of Actuarial (gains)/losses
- Return on plan assets, excluding amount recognized in effect of asset ceiling
- Re-measurement arising because of change in effect of asset ceiling

are recognised in the period in which they occur directly in Other Comprehensive Income. Re-measurements are not reclassified to profit or loss in subsequent periods.

Ind AS 19, Employees benefits requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also inter-dependency between some of the assumptions.

(ii) Defined contribution plan:

Under defined contribution plans, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined contribution plans comprise of contributions to provident fund, insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

(iii) Other employee benefits

- a. Compensated absences which are not expected to occur within twelve months after the end of the period in which the
 employee renders the related services are recognised as a liability at the present value of the obligation as at the balance sheet
 date determined based on an actuarial valuation.
- Unaliscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the related services.
- Expenses incurred towards valuntary retirement scheme are charged to the statement of profit and loss as and when incurred.
- d. Other benefits comprising of discretionary long service awards are recognized as and when determined.

(x) Current and Deferred tax

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income. Current tax is based on taxable profit for the year, Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities, Interest and penalties on tax liabilities are provided for in the tax charge. The Company offsets, the current tax assets and liabilities (on a year on year basis) where If has a legally enforceable right and where it intends to settle such assets and llabilities on a net basis or to realise the assets and liabilities on net basis. Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax items are recognised in correlation to the underlying transaction either in Other comprehensive income or directly in equity.

(xi) Impairment of Assets

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the Company estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit, if any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made. An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

(xii) Financial Instruments

Financial assets - Initial recognition

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the statement of profit and loss.

Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of:

- a. the entity's business model for managing the financial assets; and
- the contractual cash flow characteristics of the financial asset.

(i) Measured at amortised cost:

A financial asset is measured at amortised cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortised cost is calculated using the effective interest rate (EIR) method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. On derecognition, gain or loss, if any, is recognised to statement of profit and loss.

(ii) Measured at fair value through other comprehensive income (FVOCI):

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal outstanding. It is subsequently measured at fair value with fair value movements recognised in the OCI, except for interest income which recognised using effective interest rate method. The losses arising from impairment are recognised.

in the statement of profit and loss. On derecognition, cumulative gain or loss previously recognised in the OCI is reclassified from the equity to statement of profit and loss.

(iii) Measured at fair value through profit or loss (FVTPL):

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the statement of profit and loss.

Equity Instruments:

All investments in equity instruments, if any classified under financial assets are subsequently measured at fair value.

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward-looking.

The Company's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime Expected Credit Losses at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables.

The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months Expected Credit Losses.

The impairment losses and reversals are recognised in statement of profit and loss. For equity instruments and financial assets measured at FVTPL, there is no requirement for impairment testing.

De-recognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement.

In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Loans & Borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Derivative financial instruments & hedge accounting

The Company uses derivative financial instruments, such as forward foreign exchange contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in statement of profit and loss.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. The Company designates their derivatives as hedges of foreign currency risk associated with the cash flows of highly probable forecast transactions and variable interest rate risks associated with the borrowings.

(xiii) Fair Value Measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(xiv) Provision and Contingent Liabilities

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent Liabilities are not recognised but are disclosed in the notes. Contingent Assets are neither recognised nor disclosed in the financial statements.

(xv) Leases

As a Lessee:

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset:
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and

(iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at an prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

As a Lessor:

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Based on Company's assessment, the contracts entered into by the Company do not contain a lease as specified above or they are either short term or low value leases. Therefore, those have been accounted as per other applicable accounting standards,

(xvi) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Company has identified its Managing Director as CODM who is responsible for allocating resources and assessing performance of the operating segments and makes strategic decisions.

(xvii) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity share holders (after deducting preference dividends, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

(xviii) Cash and cash equivalents

Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value where original maturity is three months or less.

Cash flows are reported using the indirect method whereby the profit before tax is adjusted for the effect of the transactions of a noncash nature, any deterrals or accruals of past and tuture operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

(xix) Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of cost of that asset, during the period till all the activities necessary to prepare the qualifying assets for its intended use or sale are complete. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

(xx) Exceptional Items

When an item of income or expense within profit or loss from ordinary activity is of such size, nature or incidence that their disclosure is relevant to explain the performance of the Company for the year, the nature and amount of such items is disclosed as exceptional items.

34 DISCLOSURE PURSUANT TO IND AS - 19 "EMPLOYEE BENEFITS"

i) Gratuity: In accordance with the applicable laws, the Company provides for gratuity, a defined benefit retirement plan ('The Gratuity Plan') covering eligible employees. The Gratuity Plan provides for a lump sum payment to vested employees on retirement (subject to completion of five years of continuous employment), death, incapacitation or termination of employment that are based on last drawn salary and tenure of employment. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation on the reporting date and the Company makes annual contribution to the gratuity fund administered by Life Insurance Corporation of India under Group Gratuity Scheme.

The disclosure in respect of the defined Gratuity Plan are given below:

E. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

	Impact on	ssumption assumption assumption			
	Change in assumption				
Discount rate	+-1%	(20.20)	22.67		
Salary Escalation Rate	+-1%	22.16	(20.15)		

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

43 FINANCIAL INSTRUMENTS

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values;

- (i) Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
- (ii) Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter-party. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data."

The carrying amounts and fair values of financial instruments by category are as follows:

Fair value estimation

For financial instruments measured at fair value in the Balance Sheet, a three level fair value hierarchy is used that reflects the significance of inputs used in the measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows::

- Level 1: guoted prices for identical instruments
- Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: inputs which are not based on observable market data.

For assets and liabilities which are carried at fair value, the classification of fair value calculations by category is summarised below:

ALCOHOLOGICA CONTRACTOR CONTRACTO	Level 1	Level 2	Level 3
31st March, 2024	(200) (200)	~~~~~.	21.000000
Assets at fair value	,	960.48	
31st March, 2025			
Assets at fair value	-	9	-

Investments in Equity Shares Not Carried at Fair Value

There were no significant changes in classification and no significant movements between the fair value hierarchy classifications of financial assets and financial liabilities during the years.

44 RISK MANAGEMENT

Financial risk management objectives and policies:

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's activity expose it to market risk, liquidity risk, commodity risk and credit risk. The Company's financial risk management policy is set by the Risk Management Committee and governed by overall direction of Board of Directors of the Company.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits; foreign currency receivables, payables and loans and borrowings.

(i) Credit risk	Cash and cash equivalents, trade receivables, financial instruments, financial assets measured at amortised cost.	Ageing analysis Credit ratings	Credit limits and letters of credit and Performance guarantees.
(li) Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
(iii) Market risk-Interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Interest rate swaps
(iv) Market risk-foreign exchange	Future commercial transactions recognised financial assets and flabilities not denominated in Indian rupees	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts
(v) Commodity risk	Purchase of Raw Material	As per production planning and budgeting	Procurement and inventory strategy

CREDIT RISK

'Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of account receivables. Individual credit limits are set accordingly. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. The company considers reasonable and supportive forward-looking information. Financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in a repayment plan with the company. The company provides for overdue outstanding as per the policy approved by the Board of Directors, which are evaluated on a case to case basis. The Company's concentration of risk with respect to trade receivables is low, as its customer's base is widely spread across the length and breadth of the country and majority of the customers are with sound financial health.'

The average credit period extended to customers ranges within 30-120 days

II LIQUIDITY RISK

"Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at a reasonable price.

The Company's treasury department is responsible for maintenance of liquidity (including quasi liquidity), continuity of funding as well as timely settlement of debts. In addition, policies related to mitigation of risks are overseen by senior management.

Management monitors the Company's net liquidity position on the basis of expected cash flows vis a vis debt service fulfilment obligation."

Maturity profile of financial liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date.

Contractual maturity patterns of Financial Liabilities:

III MARKET RISK - INTEREST RATE RISK

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to balance the Company's position with regards to interest income and interest expense and to manage the interest rate risk, finance department performs a comprehensive interest rate risk management. The Company is not exposed to significant interest rate risk as at the respective reporting dates.

IV MARKET RISK - FOREIGN CURRENCY RISK

The Company is exposed to foreign exchange risk towards honouring of export/ import commitments. Management evaluates exchange rate exposure in this connection in terms of its established risk management policies which includes the use of derivatives like foreign exchange forward contracts to hedge risk of exposure in foreign currency. The company is not exposed to foreign currency risk at the respective reporting dates.

V COMMODITY RISK

"Principal Raw Material for Company's products is Crushed bone, HCL, Lime and Coal as a fuel. The Company sources its major raw material requirement from damestic suppliers located in various part of India.

The Company effectively manages with availability of material as well as price volatility based on the following:

- Raw materials are procured from different sources at competitive prices.
- Alternative sources are developed for uninterrupted supply of raw materials.
- Demand and supply are external factors on which company has no control; however the Company plans its production and
 sales from the experience gained in the past and on-going study and appraisal of the market dynamics, competition, economic
 policies and growth patterns of different segments of users of company's products.
- Specific steps to reduce the gap between demand and supply by expanding its customer base, delivery mechanisms, etc.
- Proper inventory control systems have been put in place. The Risk committee of the Company comprising members from Board
 of Directors and the operations has developed and enacted a risk management strategy regarding commodity Price risk and its
 mitigation."

45 FINANCIAL RISK FACTORS

Independent Auditor's Report To The Members of Narmada Gelatines Limited

Report on the Audit of Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Narmada Gelatines Limited ("the Parent Company") and an associate (together referred as "the Group"), which comprise the consolidated Balance Sheet as at 31st March 2025, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act. 2013 (the Act) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2025, and profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Consolidated Financial Statements and Auditor's report thereon

The Parent Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Board's Report including Annexures to the Board report, but does not include the consolidated financial statement and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Based on the work we have performed, if we conclude that there is a material misstatement of this other information, we required to report that fact. We have nothing to report in this regard.

Management responsibilities for the Consolidated Financial Statements

The Parent Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies: making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to traud or error.

In preparing the financial statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material If, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and
perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a
basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from

NARMADA GELATINES LIMITED

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the
 circumstances. Under Section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the Company
 has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit
 evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the
 entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw
 attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are
 inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's
 report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Parent Company and an associate to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by other auditor, such other auditor remains responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The consolidated financial statements also include the Group's share of profit after tax of Rs. 82.00 lakhs for period from 5th December, 2024 i.e. date of acquisition by Parent Company uptill March 31, 2025, as considered in the consolidated financial statements, in respect of an associate, whose financial statement has not been audited by us. The financial statement has been audited by other auditor whose report have been furnished to us by the Management, and our opinion on the consolidated financial statement, in so far as it relates to the amounts and disclosures, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid associate, is based solely on the report of the other auditor.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to financial statements audited by other auditor.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order or CARO"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and records.
- The Balance sheet, the Statement of Profit & Loss (including other comprehensive income), Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31" March, 2025 taken on records by the Board of Directors, none of the directors are disqualified as on 31" March, 2025 from being appointed as a Director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure "B".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

NARMADA GELATINES LIMITED

- (h) With respect to the matters to be included in the Auditor's report in accordance with the Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The Group has disclosed the impact of pending litigations on its financial position in its consolidated financial statements.
 Refer Note No. 36 to the consolidated financial statements.
 - The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - III. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. a) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent company or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds (which are material either individually or in the aggregate) have been received by the Parent company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entitles identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representation under sub clause (i) and (ii) of Rule 11(e) of The Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contains any material misstatement, Refer note 50 (v) and (vii) to the consolidated financial statements.
 - v. The dividend paid by the Parent Company during the year is in accordance with Section 123 of the Act. As stated in note 45© to the consolidated financial statements, the Board of Directors of the Parent Company has proposed final dividend for the year 2024-25 which is subject to the approval of the members at the ensuing annual general meeting. The proposed dividend declared is in accordance with Section 123 of the Act to the extent it applies to the declaration of dividend.
- vi. Based on our examination, which included test checks, the Group has used accounting software for maintaining its account books for the financial year ended March 31, 2025 which has a feature of recording audit frail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with. The Group is in compliance with the preservation of audit trail as per the statutory requirements for record retention.
- vii. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/"CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Parent Company and by the auditor of an associate, included in the consolidated financial statements of the Parent Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports except that observations regarding a whistle-blower complaint have been made in the report of the Parent Company under Clause XI of CARO 2020.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March, 2025, we have audited the internal financial controls over financial reporting of Narmada Gelatines Limited ("the Parent Company").

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding company, and an associate, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of Internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the company; (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements; and (4) also provide reasonable assurance by the internal auditors through their internal audit reports given to the organisation from time to time.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Parent Company, has broadly, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2. MATERIAL ACCOUNTING POLICIES

Statement of Compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards (hereinatter referred to as the 'Ind AS') as notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016 prescribed under Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014.

Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On August 12, 2024 and September 09, 2024, MCA issued the Companies (Indian Accounting Standards) Amendment Rules, 2024 and Companies (Indian Accounting Standards) Second Amendment Rules, 2024 introducing following changes:

- a) Ind AS 117 Insurance Contracts: Ind AS 117: Insurance Contracts was introduced and Ind AS 104: Insurance Contracts was withdrawn. This was accompanied with consequent amendments in other standards.
- b) Ind AS 116 Leases: The amendments clarify accounting treatment for a seller-lessee involved in sale and leaseback transactions and introduced some related illustrative examples.

The above standard are effective from April 01.2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

The Board of Directors approved the Financial Statements for the year ended 31st March, 2025 and authorised for issue on 24th May, 2025.

(i) Basis of preparation of consolidated financial statements

These Consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 4 of the Companies (Indian Accounting standards) Rules, 2015 as amended from time to time.

The financial statements of the Group are prepared in accordance with the Indian Generally Accepted Accounting Principles (GAAP) on the accrual basis of accounting and historical cost convention except for the certain material items that have been measured at fair value as required by the relevant Ind AS and explained in the ensuing policies below.

The Consolidated financial statements are presented in Indian rupees ("INR") which is functional currency and all values are rounded to the nearest crore, except otherwise indicated.

(ii) Use of estimates & Judgements

The preparation of the consolidated financial statements is in conformity with the Ind AS, requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the consolidated financial statements are prudent and reasonable. Future actual results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

Basis of consolidation

The consolidated financial statements comprise the financial statements of the Parent Company and an associate as at 31st March 2025. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in

similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

(iii) Property, Plant and Equipment & Intangible Assets

Freehold land is carried at historical cost. All other items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Intangible assets: Intangible assets are stated at cost of acquisition less accumulated amortisation and impairment, if any Losses arising from the retirement of, and gains or losses arising from disposal of fixed assets which are carried at cost or revalued amount are recognized in the Statement of Profit and Loss.

(iv) Depreciation / Amortisation

Depreciation is provided on the straight-line method applying the useful lives as prescribed in part C of Schedule II to the Companies Act, 2013 except for plant and equipment, wherein useful IIfe is determined based on internal technical assessment. The range of estimated useful lives of Property, Plant & Equipment's are as under:

Category	Useful Life	
Buildings (including roads)	5-60 Years	
Plant & Equipment	5-25 Years	
Electrical Installations	10 Years	
Furniture & Fixture	10 Years	
Office Equipment	3-5 Years	
Vehicles	8 Years	

The management believes that the useful life as given above the best represent the period over which the management expects to use these assets. The Group reviews the useful lives and residual value at each reporting date.

Depreciation on assets added/sold or discarded during the year is being provided on pro-rata basis up to the date on which such assets are added/sold or discarded.

Assets costing up to Rs.5,000 each are depreciated fully in the year of purchase.

Gains/Losses on disposals/de-recognition of property, plant and equipment are determined by comparing proceeds with carrying amount and these are recognized in statement of profit & Loss.

Intangible assets are amortised over their estimated useful economic life under Straight Line method. Computer software cost is amortised over a period of five years.

(v) Inventories

Inventories (Includes Raw Material, Work-in-Progress, Finished goods, Stores & spares, Consumables, Packing Materials) are valued at cost or net realisable value, whichever is lower. Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale. Cost of Raw Material, Semi-finished and Finished Goods and Work-in-Progress is determined on weighted average basis and comprises of expenditure incurred in the normal course of business in bringing inventories to their present location including appropriate overheads apportioned on a reasonable and consistent basis. Obsolete, slow moving and defective stocks are identified at the time of physical verification of stocks and where necessary, provision is made for those inventories. Adequate allowance is made for obsolete and slow moving items.

(vi) Revenue Recognition

The Group recognizes revenue, whenever control over distinct goods or services is transferred to the customer; i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable taking into account customer's creditworthiness.

Revenue is the transaction price the Group expects to be entitled to. In determining the transaction price, the Group considers effects of variable consideration, the existence of significant financing contracts, noncash consideration and consideration payable to the customer, if any.

Sale of goods

Revenue from the sale of goods is recognised when the control of the goods passes to the buyer either at the time of dispatch or delivery or when the risk of loss transfers. Export sales are recognized based on the terms of the sale which is when substantial risks and rewards of ownership are passed to the customers.

Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc. Provision is

made for returns when appropriate. Revenue is measured at the fair value of consideration received or receivable and is net of price discounts, allowance for volume rebates and similar items.

Claims / Refunds not ascertainable with reasonable certainty are accounted for, on final settlement and are recognized as revenue on certainty of receipt on prudent basis.

Revenue recognition from sale of "Duty Entitlement Passbook License or Merchandise Exports from India Scheme (MEIS)" is made on sale of the license after receipt of the same from the office of the Director General of Foreign Trade.

Income from Duty Drawback is recognised on receipt basis.

Dividend

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

(vii) Income from Investment

Income from Investments (other than Investments in shares of companies and Mutual Funds) is accounted on accrual basis.

Dividend income on investments is recognised when the right to receive dividend is established. Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

(viii) Foreign Currency Transactions

Foreign currency transactions are accounted at the exchange rates prevailing on the date of the transactions. Gains and losses, if any, on settlement or reinstatement of year end closing balances by applying the closing rates in respect of monetary assets and monetary liabilities not covered by the forward contracts are recognized in the statement of profit and loss.

Non-monetary items denominated in foreign currency are stated at the rate prevailing on the date of the transaction.

The premium or discount arising at the inception of the forward contract entered into to hedge the existing asset / liability, is amortized as expense or income over the life of the contract, Exchange differences on such contract are recognized in the statement of profit and loss in the reporting period in which the exchange rates change. Any profit or loss arising out of cancellation or renewal of such contract are recognized as income or expense in the reporting period. Forward exchange contracts outstanding as at the year end on account of firm commitment / highly probable forecast transaction are marked to market and the losses, if any, are recognized in the statement of profit and loss and gains are ignored.

(ix) Employee Benefits

The Group has the following post-employment benefit plans;

- Defined benefit plans such as gratuity;
- Defined contribution plans such as Provident fund & Superannuation fund; and
- Other employee benefits.

(i) Defined benefit plan:

Voluntary Retirement Scheme Expenses, If any, are fully charged off in the year of payment.

The liability or asset recognised in the balance sheet in respect of defined benefit grafulty plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligation is calculated annually by actuaries through actuarial valuation using the Projected Unit Credit method.

The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements;
 and
- b. Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement comprising:

- Re-measurement of Actuarial (gains)/losses
- Return on plan assets, excluding amount recognized in effect of asset ceiling
- Re-measurement arising because of change in effect of asset ceiling

are recognised in the period in which they occur directly in Other Comprehensive Income. Re-measurements are not reclassified to profit or loss in subsequent periods.

Ind AS 19. Employees benefits requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Group determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also inter-dependency between some of the assumptions.

(ii) Defined contribution plan:

Under defined contribution plans, the Group pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined contribution plans comprise of contributions to provident fund, insurance and Employees' Pension Scheme. The Grpup's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

(iii) Other employee benefits

- a. Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the balance sheet date determined based on an actuarial valuation.
- Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the related services.
- Expenses incurred towards voluntary retirement scheme are charged to the statement of profit and loss as and when incurred.
- d. Other benefits comprising of discretionary long service awards are recognized as and when determined.

(x) Current and Deferred tax

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income. Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Group offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis. Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future. The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax items are recognised in correlation to the underlying transaction either in Other comprehensive income or directly in equity.

(xi) Impairment of Assets

The Group assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the Group estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit, if any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made. An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Group considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

(xii) Financial Instruments

Financial assets - Initial recognition

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the statement of profit and loss.

Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of:

- a. the entity's business model for managing the financial assets; and
- b. the contractual cash flow characteristics of the financial asset.

(i) Measured at amortised cost:

A financial asset is measured at amortised cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortised cost is calculated using the effective interest rate (EIR) method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. On derecognition, gain or loss, if any, is recognised to statement of profit and loss.

(ii) Measured at fair value through other comprehensive income (FVOCI):

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal autstanding. It is subsequently measured at fair value with fair value movements recognised in the OCI, except for interest income which recognised using effective interest rate method. The losses arising from impairment are recognised in the statement of profit and loss. On derecognition, cumulative gain or loss previously recognised in the OCI is reclassified from the equity to statement of profit and loss.

(iii) Measured at fair value through profit or loss (FVTPL):

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the statement of profit and loss,

Equity Instruments:

All investments in equity instruments, if any classified under financial assets are subsequently measured at fair value.

The Group recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward-looking.

The Company's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance,

Under simplified approach, the Group does not track changes in credit risk, Rather it recognizes impairment loss allowance based on the lifetime Expected Credit Losses at each reporting date right from its initial recognition. The Group uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables.

The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Group recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Group reverts to recognizing impairment loss allowance based on 12 months Expected Credit Losses.

The impairment losses and reversals are recognised in statement of profit and loss. For equity instruments and financial assets measured at FVTPL, there is no requirement for impairment testing.

De-recognition

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it fransfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Company's continuing involvement.

In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Financial Liabilities

Initial Recognition and measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Loans & Borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Group are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Derivative financial instruments & hedge accounting

The Group uses derivative financial instruments, such as forward foreign exchange contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in statement of profit and loss.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. The Group designates their derivatives as hedges of foreign currency risk associated with the cash flows of highly probable forecast transactions and variable interest rate risks associated with the borrowings.

(xiii) Fair Value Measurement

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(xiv) Provision and Contingent Liabilities

A provision is recognised when the Group has a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent Liabilities are not recognised but are disclosed in the notes. Contingent Assets are neither recognised nor disclosed in the financial statements.

(xv) Leases

As a Lessee:

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset:
- (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease; and
- (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the sharter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

As a Lesson

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Based on Company's assessment, the contracts entered into by the Group do not contain a lease as specified above or they are either short term or low value leases. Therefore, those have been accounted as per other applicable accounting standards.

(xvi) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Group has identified its Managing Director as CODM who is responsible for allocating resources and assessing performance of the operating segments and makes strategic decisions.

(xvii) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity share holders (after deducting preference dividends, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

(xviii)Cash and cash equivalents

Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value where original maturity is three months or less.

Cash flows are reported using the indirect method whereby the profit before tax is adjusted for the effect of the transactions of a noncash nature, any deferrals or accruals of past and tuture operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

(xix) Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of cost of that asset, during the period till all the activities necessary to prepare the qualifying assets for its intended use or sale are complete. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

(xx) Exceptional Items

When an item of income or expense within profit or loss from ordinary activity is of such size, nature or incidence that their disclosure is relevant to explain the performance of the Group for the year, the nature and amount of such items is disclosed as exceptional items.

PROPERTY, PLANT & EQUIPMENT

D. Assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

Particulars	As at 31st March 2025
The significant actuarial assumptions were as follows:	
Financial Assumptions	
Discount rate	6.71%
Salary Escalation Rate	
Management Employees	8.00%
Non-management Employees	8.00%
Demographic Assumptions	
Expected Average remaining working lives of employees in no. of years	
Management Employees	14

a torono escribir 🕶 consectores.	Urban
Attrition Rate	
Management Employees	1%
Non-management Employees	6%
Retirement Age	60
Adjusted Average Future Services	

E. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

	Impact on defined benefit obligation		
	Change in assumption		Decrease in assumption
Discount rate	+-1%	(20.20)	22.67
Salary Escalation Rate	+-1%	22,16	(20.15)

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

ii) Compensated Absences: The Group permits encashment of compensated absence accumulated by their employees on retirement, separation and during the course of service. (i) The Group's pending litigations comprise mainly claims against the Company, proceedings pending with tax and other authorities. The Company has reviewed all its pending litigations and proceedings and has made adequate provisions, wherever required and disclosed the contingent liabilities, wherever applicable, in its financial statements. The Company does not reasonably expect the outcome of these proceedings to have a material impact on its consolidated financial statements.

(ii) *Income tax matter related to assessment year 2013-14, resulted in disputed tax demand of ₹ 7.85 lacs arisen on account of disallowance of additional deprecation claimed which is a mistake apparent from records against which the Parent Company's rectification application/appeal is pending. The Management is confident that this disputed demand will get reversed or rectified in due course and hence, not considered as contingent liabilities.

43 FINANCIAL INSTRUMENTS

"The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- (i) Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
- (ii) Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter-party. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data."

The carrying amounts and fair values of financial instruments by category are as follows:

2	FVOCI Note 2(xiii)	FVTPL Note2 (xiii)	Amortised cost	Total fair value	Carrying amount
Financial assets			*1000#100	1425/11-12-5

Fair value estimation

For financial instruments measured at fair value in the Balance Sheet, a three level fair value hierarchy is used that reflects the significance of inputs used in the measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows::

- Level 1: quoted prices for identical instruments
- Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: inputs which are not based on observable market data.

For assets and liabilities which are carried at fair value, the classification of fair value calculations by category is summarised below:

	Level 1	Level 2	Level 3
31st March, 2025			
Assets at fair value		-	200

Investments in Equity Shares Not Carried at Fair Value

There were no significant changes in classification and no significant movements between the fair value hierarchy classifications of financial assets and financial liabilities during the years.

44 RISK MANAGEMENT

Financial risk management objectives and policies:

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Company's activity expose it to market risk, liquidity risk, commodity risk and credit risk. The Company's financial risk management policy is set by the Risk Management Committee and governed by overall direction of Board of Directors of the Company.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits; foreign currency receivables, payables and loans and borrowings.

Risk	Exposure arising from	Measurement	Risk Management
(i) Credit risk	Cash and cash equivalents, trade receivables, financial instruments, financial assets measured at amortised cost.	Ageing analysis Credit ratings	Credit limits and letters of credit and Performance guarantees.
(li) Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
(iii) Market risk-Interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Interest rate swaps
(iv) Market risk-foreign exchange	Future commercial transactions recognised financial assets and flabilities not denominated in Indian rupees	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts
(v) Commodity risk	Purchase of Raw Material	As per production planning and budgeting	Procurement and inventory strategy

I CREDIT RISK

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Group periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of account receivables. Individual credit limits are set accordingly. The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. The company considers reasonable and supportive forward-looking information. Financial assets are written off when there is no reasonable expectation of recovery, such as debtor failing to engage in a repayment plan with the company. The company provides for overdue outstanding as per the policy approved by the Board of Directors, which are evaluated on a case to case basis.

The Company's concentration of risk with respect to trade receivables is low, as its customer's base is widely spread across the length and breadth of the country and majority of the customers are with sound financial health."

The average credit period extended to customers ranges within 30-120 days.

II LIQUIDITY RISK

Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at a reasonable price,

The Group's treasury department is responsible for maintenance of liquidity (including quasi liquidity), continuity of funding as well as timely settlement of debts. In addition, policies related to mitigation of risks are overseen by senior management.

Management monitors the Group's net liquidity position on the basis of expected cash flows vis a visidebt service tuitliment obligation.

Maturity profile of financial liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date.

Contractual maturity patterns of Financial Liabilities:

Particulars	As at 31st	As at 31st March 2025		
	0-1 year/ on Demand	1 to 5 years	Total	
Borrowings	1,272.20	- 1	1.272.20

Other financial liabilities	142.77	27	142.77	
Total	3,133.69	-	3,133.69	

III MARKET RISK-INTEREST RATE RISK

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to balance the Company's position with regards to interest income and interest expense and to manage the interest rate risk, finance department performs a comprehensive interest rate risk management. The Company is not exposed to significant interest rate risk as at the respective reporting dates.

IV MARKET RISK - FOREIGN CURRENCY RISK

The Group is exposed to foreign exchange risk towards honouring of export/ import commitments. Management evaluates exchange rate exposure in this connection in terms of its established risk management policies which includes the use of derivatives like foreign exchange forward contracts to hedge risk of exposure in foreign currency. The company is not exposed to foreign currency risk at the respective reporting dates.

V COMMODITY RISK

*Principal Raw Material for Company's products is Crushed bone, HCL, Lime and Coal as a fuel. The Group sources its major raw material requirement from domestic suppliers located in various part of India.

The Group effectively manages with availability of material as well as price volatility based on the following:

- Raw materials are procured from different sources at competitive prices.
- Alternative sources are developed for uninterrupted supply of raw materials.
- Demand and supply are external factors on which company has no control; however the Company plans its production and sales from the experience gained in the past and on-going study and appraisal of the market dynamics, competition, economic policies and growth patterns of different segments of users of company's products.
- Specific steps to reduce the gap between demand and supply by expanding its customer base, delivery mechanisms, etc.
- Proper inventory control systems have been put in place. The Risk committee of the Company comprising members from Board
 of Directors and the operations has developed and enacted a risk management strategy regarding commodity Price risk and its
 mitigation."

45 FINANCIAL RISK FACTORS

(a) Capital risk management

- The Group's objectives when managing capital are to:
- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital
- (b) Term loan are secured by a first ranking pari-passu hypothecation/Exclusive charge on the assets created out of the term loan. Cash Credit Primary Security-Exclusive charge on entire current assets (present and future) & fixed deposits referred in Note 18 and 21.

- 46 During the year, the Parent Company had received a whistle blower complaint alleging certain unethical practices concerning the operations of the Parent Company. On enquiry with the support of an external agency, it was found that the allegations were mere surmise and devoid of any substantial evidence which are legally tenable. A formal report from the agency is awaited including their suggestions to strengthen the internal control measures, betterment and smooth functioning of the Parent Company.
- 47 Certain financial assets and financial liabilities are subject to formal confirmation and reconciliations. The Management, however, is confident that the impact whereof, if any, for the year on the financial statements will not be material.
- 48 The President has given his assent to the Code on Social Security, 2020 ("Code") in September 2020. On 13th November 2020 the Ministry of Labour and Employment released draft rules for the Code. However, the date on which the Code will come into effect has not been notified. The Group will assess the impact once the subject rules are notified and will give appropriate impact to its financial statements in the period in which the Code becomes effective.

49 Other statutory information:

- The Parent does not have any benami property, where any proceeding has been initiated or pending against the Company for holding any benami property.
- ii) The Parent does not have any transactions with companies struck off.
- iii) The Parent does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.
- iv) The Parent has not traded or invested in Crypto currency or Virtual Currency during the financial year.
- v) The Parent has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall (a) directly or Indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (ultimate beneficiaries) or (b) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries.
- vi) The Parent has not received any fund from any person(s) or entity(ies), including foreign entities (funding party) with the understanding (whether recorded in writing or otherwise) that the Group shall: a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party (ultimate beneficiaries) or b) provide any guarantee, security or the like on behalf of the ultimate beneficiaries.
- vii) The Parent does not have any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961.
- viii) The Parent has compiled with the number of layers prescribed under clause (87) of Section 2 of the Act read with the Companies (Restriction on number of Layers) Rules, 2017.
- ix) The Parent is not declared wilful defaulter by any bank or financial institution or lender during the year.
- The quarterly returns or statements of current assets filed by the Group with banks or financial institutions are in agreement with the books of accounts
- xi) The Parent has used the borrowings from banks and financial institutions for the specific purpose for which it was taken as at Balance sheet date.
- 50 The Group is engaged in the manufacture and sale of Ossein and Gelatine. Since all these segments meet the aggregation criteria as per the requirements of Ind AS 108 on 'Operating segments', the management considers these as a single reportable segment. Accordingly, no further disclosure is required to be furnished.

The voting right of shareholders shall be in proportion to their share in the paid-up equity share capital of the Company as of the cut-off date.

The details of the process and manner for e-Voting and joining virtual meeting for Individual shareholders and Members holding shares in dematerialized form

- Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- II. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable evoting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

In terms of the above mentioned circular, Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

The way to vote electronically on CDSL e-voting system consists of "Two Steps" which are mentioned below:

Step 1 Access through Depositories CDSL/NSDL e-Voting system

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- III. Login Method for shareholders other than Individual shareholders holding securities in demat mode and shareholders holding securities in physical mode
 - i. The shareholders should log on to the e-voting website www.evotingindia.com.
 - ii. Click on "Shareholders" module.
 - III. Now enter your User ID:
 - a. For CDSL: 16 digits beneficiary ID,
 - b. For NSDL: 8 Character DP ID followed by 8 Digits Client ID,
 - c. Shareholders holding shares in Physical Form should enter Folio Number registered with the Company.

- Next enter the Image Verification as displayed and Click on Login.
- If you are holding shares in demat form and had logged on to www.evotingindia.com and voted on an earlier e-voting
 of any company, then your existing password is to be used.
- vi. If you are a first-time user follow the steps given below:

	For Members holding shares in Demat Form other than individual and Physical Form
PAN	Enter your 10 digit alpha-numeric *PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders)
	 Shareholders who have not updated their PAN with the Company/Depository Participant are requested to use the sequence number sent by Company/RTA or contact Company/RTA.
Dividend Bank Details OR Date of Birth (DO8)	Enter the Dividend Bank Details or Date of Birth (in dd/mm/yyyy format) as recorded in your demat account or in the company records in order to login.
	 If both the details are not recorded with the depository or company, please enter the memberial/folionumberinthe Dividend Bank details field.

- IV. After entering these details appropriately, click on "SUBMIT" tab.
- V. Shareholders holding shares in physical form will then directly reach the Company selection screen. However, shareholders holding shares in demat form will now reach 'Password Creation' menu wherein they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for e-voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.
- VI. For shareholders holding shares in physical form, the details can be used only for e-voting on the resolutions contained in this Notice.
- VII. Click on the EVSN for the relevant < Company Name> on which you choose to vote.
- VIII. On the voting page, you will see "RESOLUTION DESCRIPTION" and against the same the option "YES/NO" for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.
- IX. Click on the "RESOLUTIONS FILE LINK" If you wish to view the entire Resolution details.
- X. After selecting the resolution, you have decided to vote on, click on "SUBMIT". A confirmation box will be displayed. If you wish to confirm your vote, click on "OK", else to change your vote, click on "CANCEL" and accordingly modify your vote.
- XI. Once you "CONFIRM" your vote on the resolution, you will not be allowed to modify your vote,
- XII. You can also take a print of the votes cast by clicking on "Click here to print" option on the Voting page.
- XIII. If a demat account holder has forgotten the login password then Enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.
